## More than Meets the Eye...

Presenting 38 Gardner Road, Falls Creek...

Definitely more than meets the eye.. This extensively renovated 6 bedroom home is surprisingly larger and modern inside than you might imagine at first glance.

Be surprised once you open up the teal front door... opening up to Tasmanian Oak flooring leading you to the living and dining area, complete with fireplace to keep the house cosy all winter and reverse cycle air conditioning keeping the temperature down for the summer months. Large windows allow you to look over the front and rear gardens, with the home designed lower than the front yard giving the feel of privacy

Adjoining the large living area is 2 good sized bedrooms, both with new carpet, one with built in robe.

The dining leads to the modern, completely renovated kitchen, which boasts all new flooring, tapwear, cupboards and even a new kitchen sink! The all new stainless steel appliances finishes it off perfectly.

Off the kitchen you will be welcomed by the ideal laundry, with all the storage you need and plenty of bench space, and external exit so hanging the fluffy towels is close
